TNE would be pleased to have you join us at the **Doria Grand Hotel in Milan on March 19-20**, and at **Mediterraneo Hotel (near Termini Station) in Rome on March 21-22** for our Workshop on Gamma Spectrometry Techniques.

This meeting provides a professional forum where users and personnel exchange valuable information on new solutions and technology.

Attendees will have opportunities to participate in round-table discussions, hear customer presentations and experiences, and enhance their skills through training and breakout sessions.

WHO SHOULD ATTEND

This meeting is open to all users and prospective users of Mirion Gamma Spectrometry Systems.

WHAT TO EXPECT

Topics, discussions and product presentations will cover:

- The latest in Gamma Spectroscopy Software
- Super ISOCS™ enhanced tool for in-situ measurements
- iPIX™ Ultra Portable Gamma Ray Imaging System with spectroscopy features using CdZTe
- ASGS – Advanced Segmented Gamma Scanner
- IUE – Probabilistic ISOCS Uncertainty Estimator

There are three main components to the meeting:

- Education seminars (offered at a discounted rate)
- General sessions (free of charge)
- Breakout sessions (free of charge)
